### Cardiome Announces Upcoming Presentation of Results of Phase 2b Clinical Trial of Vernakalant (oral) at the European Society of Cardiology Congress 2009

[See Older Items](#)

Vancouver, Canada, August 28, 2009 — Cardiome Pharma Corp. (NASDAQ: CRME / TSX: COM) today announced that Dr. Christian Torp-Pedersen is scheduled to present detailed findings from the Phase 2b clinical trial of vernakalant (oral) at the European Society of Cardiology (ESC) Congress 2009, being held in Barcelona, Spain from August 29 to September 2, 2009. The presentation, titled "Oral vernakalant for the prevention of atrial fibrillation recurrence post-cardioversion," is scheduled for Monday, August 31, 2009 at 4:45pm local time.

Positive top-line results from the Phase 2b trial were originally announced in July 2008. The 735-patient double-blind, placebo-controlled, randomized, dose-ranging study was designed to explore safety and tolerability, pharmacokinetics and efficacy of vernakalant (oral) over 90 days of dosing in patients at risk of recurrent atrial fibrillation.

#### Forward-Looking Statement Disclaimer

Certain statements in this press release contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 or forward-looking information under applicable Canadian securities legislation that may not be based on historical fact, including without limitation statements containing the words "believe", "may", "plan", "will", "estimate", "continue", "anticipate", "intend", "expect" and similar expressions. Such forward-looking statements or information involve known and unknown risks, uncertainties and other factors that may cause our actual results, events or developments, or industry results, to be materially different from any future results, events or developments expressed or implied by such forward-looking statements or information. Such factors include, among others, our stage of development, lack of product revenues, additional capital requirements, risk associated with the completion of clinical trials and obtaining regulatory approval to market our products, the ability to protect our intellectual property, dependence on collaborative partners and the prospects for negotiating additional corporate collaborations or licensing arrangements and their timing. Specifically, certain risks and uncertainties that could cause such actual events or results expressed or implied by such forward-looking statements and information to differ materially from any future events or results expressed or implied by such statements and information include, but are not limited to, the risks and uncertainties that: we, together with our collaborative partners, may not be able to successfully develop and obtain regulatory approval for vernakalant (iv) or vernakalant (oral) in the treatment of atrial fibrillation or any other current or future

products in our targeted indications; our future operating results are uncertain and likely to fluctuate; we may not be able to raise additional capital; we may not be successful in establishing additional corporate collaborations or licensing arrangements; we may not be able to establish marketing and sales capabilities and the costs of launching our products may be greater than anticipated; we rely on third parties for the continued supply and manufacture of vernakalant (iv) and vernakalant (oral) and we have no experience in commercial manufacturing; we may face unknown risks related to intellectual property matters; we face increased competition from pharmaceutical and biotechnology companies; and other factors as described in detail in our filings with the Securities and Exchange Commission available at [www.sec.gov](http://www.sec.gov) and the Canadian securities regulatory authorities at [www.sedar.com](http://www.sedar.com). Given these risks and uncertainties, you are cautioned not to place undue reliance on such forward-looking statements and information, which are qualified in their entirety by this cautionary statement. All forward-looking statements and information made herein are based on our current expectations and we undertake no obligation to revise or update such forward-looking statements and information to reflect subsequent events or circumstances, except as required by law.
